

Milli Volt Drop Tester

Input: 230V, A.C, 1 - Phase, 50Hz & 60Hz

Output Current: 0 - 100A, D.C

Milli Volt Measurement Range: 0 - 200mV, D.C

Accuracy Class: 1% of Range

Current Capacity: Up to 100A

Type: Portable Table Top, Trolley Type with Enclosure

Enclosure Type: Aluminium Case / PVC Enclosures / M.S Enclosure

Operating Duty: Testing / Intermittent / Temperature rise duty

Operating Temperature: 2° to 60° Degree

Installation: 1) Indoor, 2) Mobile Vehicle, 3) Outdoor (For Site Testing)

Application:

- 1) Terminal Manufacturer
- 2) NABL Accredited Laboratories
- 3) Switchgear Manufacturer

Note:- Addition of Rating will be implement on request.
